

A woman in a dark suit is partially visible behind blue curtains. She is holding a small plate with a cake topped with a cherry. The curtains have a repeating pattern of various food-related icons like a burger, pizza, and coffee cup. The scene is dimly lit with a blue glow behind the woman.

the Hunger

FALL / WINTER '22

**the
Hunger**

thehunger

We are all after something different. Our only passion that keeps us together on the agenda with better passion probably starts in the kitchen.

Our tastes, inspired by one of the gifts that fall into the best long year, turn into a smile. We put this smile together with plates to prepare our low front surface of the day. Our teammate shows that it is the most important product of a growing family organization.

When your satisfaction makes more of a difference than a plate and after that, our route always comes out to the good. Using natural resources, supporting them, raising the child on the plate until it reaches the size of the day, making the children happy, smiling for life is reinterpreted in this small kitchen. This living can be an experience of how you can be when you are in a state to live to live.

With our passion, which is the life and soul of our lives, we sometimes liven up our time and sometimes we are good at times.

With respect to the perfection of nature, with the hope that we will have beautiful moments that we can share with people.

A handwritten signature in black ink, consisting of several loops and a long horizontal stroke, positioned to the right of the main text.

Our tastes, which have been following the best ingredients for many years, listening to the sound of nature and inspired by the products offered by nature, turn into a pleasant smile. We follow this smile every day and bring our story together with plates we are excited about. We know that this is the most important reason for our growing family.

the
Hunger

thehunger

A woman in a black suit is partially visible behind blue curtains. She is holding a small plate with a cake topped with a cherry. The curtains have a repeating pattern of various food-related icons like a burger, a drink, a fork, and a chef's hat. The scene is dimly lit, with a soft light source behind the woman.
